Intent to build career with a leading corporate in a stimulating environment that will help me to explore myself and realize my potential. To be worthy of Management's trust and confidence.

EDUCATION

Vaagdevi College of Engineering, 2019-2023

B. Tech, Computer Science and Engineering (CSE)

Aggregate: **7.21 CGPA**

SR Junior College, 2017-2019

Senior Secondary (10+2), MPC

Aggregate: **88%**

TECHNICAL SKILLS

Programming Languages: C, C++, Python

Web Skills: HTML, CSS, Tailwind, JavaScript

Operating system: LINUX, Windows

PROJECTS

Re-Vision - Minor

Developed a basic assistive technology for visually impaired individuals using Microsoft Azure Cognitive Services. The project involved manually inserting images for analysis and converting the results into voice descriptions using Azure's Text-to-Speech API.

Re-Vision - Major

Enhanced the minor project by integrating a camera module for real-time image capture and automatic analysis. Utilized Azure Cognitive Services to provide immediate voice feedback on surroundings, significantly improving the functionality and user experience for visually impaired individuals.

CodeBook – Your Ultimate Coding Companion

CodeBook is a comprehensive platform designed for enthusiasts and learners alike in the world of coding. Access a wealth of coding classes, detailed notes, practical projects, and more, all curated to enhance programming skills and knowledge. Whether you're a beginner or an experienced coder, CodeBook is a go-to resource for mastering programming languages and advancing your coding proficiency.

SnapServe

An innovative platform designed to connect customers with local home-based service providers across various categories, including home maintenance, household help, and education. Leveraged AI and location-based technologies to efficiently match customers with nearby professionals, enabling seamless and direct communication for optimal service delivery.

ACHIEVEMENTS

- Member of CSI (Computer Science of India) in Vaagdevi College of Engineering.
